Dear Patsy & Shirley (Patsy Babb Lagamann / Shirley Babb Jensen),

I hope one of you will want this picture. I am having to dispose of family things - Pictures are many! My father was a picture collector. You see the older ones were our age and we enjoyed them. The younger ones came along after we quit our good times and leaving home was happening frequently at the time of this picture.

Aunt Mattie really had her problems and not a very happy life. Uncle Jim was the boss!

Sorry we did not get to know you girls. Hope you 2 can get some good of it.

*Sincerely,
Edith*

As per Patsy, the picture Edith refers to is the one of the whole James Wiley Babb Family taken before Aunt Vivian was born. It was so old it had cracked and split but still all are visible.
